# SKIN DISEASES THE OUTCROPPING OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins

to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases — Nettle-rash, clief so, the street is a second to give it a month's fair trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide was as smooth and soft as a baby's. This was a year ago and I have never had any trouble since.

MISS GENEVA BRIGGS.

216 So. 7th St., Minneapolis, Minn.

and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggich. eral system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it,

remains smooth and soft and free of all disfiguring eruptions.

Send for our free book on diseases of the skin and write us if you desire medical advice or any special information. This will cost you nothing.
